**Helen Hunt Jackson**
Welcome to the actual home of famous author and activist, Helen Hunt Jackson! Explore the exhibit. Can you find the name of one of the books she wrote? *Examples: Ramona, Century of Dishonor, Nelly’s Silver Mine*

The first three items are inside the house. The basket is outside of the house in one of the exhibit cases.

**ANY PLACE THAT IS NORTH AND WEST**
Can you find this volume of the magazine A Free Republic? *The magazine is in the far right case*

How much did this magazine cost in 1939? *10 Cents or One Dollar a Year*

People like Gretchen McRae have fought to change the world. What problem would you work to change today? *Have a discussion and encourage your student to write their ideas*

**CITY OF SUNSHINE**
By looking at different primary sources and the text in the exhibit can you list two reasons why Colorado Springs was a good place to recover from this disease? *Examples: Climate/Weather, Sunshine, High Altitude, Fresh Air, Less People, Sanatoriums (hospitals)*

We now know that Tuberculosis needs oxygen and moisture to thrive and spread. These two things are in short supply at high altitude and in an arid climate.

Find the video at the entrance of the train worker. He says: “The atmosphere is free from all germ life.” Do you think this is true or false? *False – there are germs everywhere!*

Why do you think the train worker said this false statement? *Colorado Springs wanted to sell itself as a great location to recover from Tuberculosis – even if it meant exaggerating!*

**TIMELINE ACTIVITY**
*Have your student choose (3) events from their life. They will draw a picture of each event and may need your help writing what the event was.*
